

Be Safe Around Water at Every Age

Drowning impacts families in every community—and it's preventable.
Together, with Olly, we can Be Splash Safe.

Why Water Safety Matters

163
Deaths

509
Hospitalizations

1,414
ER Visits

In Los Angeles County, for every child or young adult (under age 24) who dies from drowning, about 12 more receive emergency or hospital care for a non-fatal drowning.
(CDPH EpiCenter 2016–2023)

Meet **Olly**, your water safety guide.
