RE: Quality Assessments Requirements, Priorities and Plan Pursuant to Welfare & Institutions Code Section 4571 — Fiscal Year 2024-2025

Dear Elizabeth Tom,

Within this letter you will find San Gabriel/Pomona Regional Center's (SG/PRC) actions, ongoing plan, priorities, goals, and strategies to improve quality assessment outcomes as reflected within the Fiscal Year 2024-2025 National Core Indicators Surveys.

I. Public Meetings with Stakeholders Methodology

SG/PRC developed one presentation including: SG/PRC outcomes from the Adult In-Person Survey (AFS) FY 24-25 and an overview of the Quality Assessment & National Core Indicators (NCI) (see Attachment A).

This presentation was presented by *Salvador Gonzalez, Director of Service Access and Equity*, to stakeholders, including SG/PRC staff, and the SG/PRC Board of Directors on August 26, 2026, via ZOOM. During this meeting, the presenter reviewed procedures used to conduct the quality assessments and provided an overview of SG/PRC's performance on selected survey questions as measured against the statewide averages. The NCI flyer was posted to the website, sent to DDS and Equity Partners at least 30 days before the scheduled presentation. The flyer was sent to the community on July 14, 2026, via constant contact.

Throughout and at the end of the presentation, opportunities were provided for stakeholders to offer input, make comments and provide recommendations (See Attachment B) for the Minutes and feedback of August 26, 2026, Board Meeting.

No comments, feedback, or input was received from stakeholders, community members were thankful for the presentation and the information.

II. SG/PRC's Priorities and Plan that Apply to All Age Groups Intended to Improve All Performance Indicators

A. Centering Individuals Served and Families in SG/PRC's Improvement Efforts

SG/PRC remains dedicated to improving all performance indicators for all age groups by primarily hearing from individuals and families served by our Regional Center. Public input and comments continue to drive SG/PRC's efforts.

Strategies — On August 17, 2024, the SAE Team met with the Hispanic community for a Hispanic Gathering at Girasol Mexican Cocina in the city of Monrovia. Families who were in attendance were provided with 2022-2023 POS data and information on the Self-Determination Program. Also present at this event was Daniela Santana and Jesse Weller. They both addressed families in attendance and provided information about the importance of working with the RC for services and support. The team had an opportunity to meet several of the families in attendance. Many of the individuals in attendance expressed gratitude for the information.

On Saturday December 14, 2024, The Southeast Asian Gathering was held at the San Gabriel/Pomona Assembly Room. Families in attendance were provided with a brief overview of the Service Access & Equity Department and how specialists can be a support to the families and attend community outreach events. The LACC program funded for the event's meal, providing a lechon and sides for the attendees. The families were in Holiday mode and a few individuals very kindly played songs with a guitar or sang Holiday songs for the crowd. The event was a success, and many families demonstrated their kindness bringing gifts to share with the attendees.

In March of 2025, the SAE Team presented the Purchase of Service Data and Expenditure information a total of (5) times to our community served. On March 6th the Team met with the Hispanic/Spanish speaking community via Zoom, with interpretation services, and provided an overview of the POS data and focused on how the Hispanic community is doing in terms of accessing and utilizing services. On March 13th, the Team met with the Black/African American community and focused on how the Black/African American community is doing in terms of accessing and utilizing services.. on March 20th, the Team met with the Asian community and focused on how the Asian community is doing in terms of accessing and utilizing services. On March 26th, a presentation was provided to the Board of Directors and provided an overview of the Expenditure Data. On March 27th, a POS presentation was offered via our Community Information Forum and an overview was provided on all our communities are doing in terms of POS utilization.

On May 17, 2025, the SAE Team held its first in-person Deaf Social Gathering for individuals served. This group was a response to the feedback received from Deaf and

Hard of Hearing support groups where families expressed the need for more social opportunities and connections for their loved ones.

B. Keeping Individuals Served and their Families Informed

SG/PRC continues to strengthen its connection with individuals served and their families through various platforms of information that allow for more engagement between individuals, families and SG/PRC staff.

Strategies — SG/PRC continues to maintain a strong connection with the families and individuals served through various means.

Critical Issues Forum (CIF) The Service Access and Equity Department continues to offer a training forum for individuals/families/community members, known as the Community Information Forum (CIF), to learn information on a variety of topics. These meetings are held via an online platform, on the third Thursday of the month. For the 24-25 fiscal year, (6) topics were presented to the community. On 7/25/24, Linh Lee, Employment Specialist provided a presentation on *Employment Services*, on 8/22/24, Nora Perez-Givens, Education Specialist provided a presentation on *Special Education—Terms to Know/Generic Resources*, on 2/27/25, Aimee Delgado from Office of Clients' Rights Advocacy provided a presentation on *What is Office of Clients' Rights*, on 3/27/25 Sal Gonzalez provided a presentation on *POS Expenditure Data for Fiscal Year 2023-2024*, On 5/22/25, Emmy Madrid from the *Disabled Student Program* and Christina Delgado from the *Impact Program* at Mt. SAC provided a presentation on the above mentioned college programs. We had over 200 participants attend the Community Information Forum during this fiscal year.

Special Education Parent/Caregiver Trainings The Service Access and Equity Department also offered Special Education Trainings for parents and caregivers to help them advocate during IEP's or on 504 Plans. The following were the (9) topics presented on: *School Discipline- Rights of Students with Disabilities*, *Effective Communication in the IEP Process*, *504 Plan or IEP- Which is best based on student need*, *Assistive Technology and IEP's*, *Special Education and Parent Rights*, *IEP Basics*, *IEP Advocacy - Effective Communication*, *Understanding the IEP Document*, *Development of a Supportive IEP*. Approximately 420 participants attended the Special Education Parent/Caregiver Training/during this fiscal year.

Self- Determination Conference: On 10/18/24, Josie and the SAE department held its first Self Determination Conference aimed toward families currently with SG/PRC interested in SDP, currently in the process or presently in SDP. Over 300 guests attended the conference and heard from Lucina Galarza, Deputy Director, who provided

the history of SDP and the progress made since its inception, Daniela Santana, Director of Client Services, who provided information on how to transition in SDP, Yaned Busch and Jessi Romero, Managers of Specialized Services, who provided information on initiating SDP. Additional presentations were provided by the Office of Clients Rights, Appeals presented by the Manager of Appeals at SGPRC, Department of Rehabilitation, and lastly a skit presented by an actor and SDP participant of SGPRC. Families also had the opportunity to network and receive resources from exhibitors present at the event.

New Family Orientation: On 9/28/24 the SAE Team hosted its first New Family Orientation for families new to the regional center. The focus of this event is for families to become better acquainted with our regional center, staff, understanding of departments within the regional center, specialized positions and connect them with resources. Families were welcomed by our Executive Director, Jesse Weller, followed by a presentation by Elena Sanchez from Parent's Place (Family Resource Empowerment Center). The event continued with a presentation by our Director of Client Services, Daniela Santana, who shared the role of the service coordinator. Lastly, Director of Service Access and Equity shared information on specialized staff and how they support. The event concluded with networking opportunities for families to meet with Department of Mental Health, LA Care, Alma Family Services, Parents Place and Office of Clients Rights Advocacy. Additionally, equity partners Access Nonprofit/Parenting Black Children and Chasing 7 Dreams were also present and hosted a table as an exhibitor. More than seventy families attended the event. The event was successful and families shared they appreciated the information received. We had over 70 people attend this event.

DMH Workshops The SAE Department partnered with the Department of Mental Health to offer a 2-week workshop series for individuals and families. The series ran from 1/21/25, 1/23/25, 1/28/25 and covered the following topics: Late Life Transitions, Health, Wellness and Wholeness, and Know the Scams, Don't be a Victim. The SAE team worked behind the scenes in coordinating this event and working with DMH and contracted interpreters. The workshop was offered in English, Spanish, Chinese, Korean, and interpreting in ASL and Vietnamese. The workshop was well attended with over 80+ participants.

Empowerment Conference: On 6/18/25, the SAE Department hosted the second Empowerment Conference for families in the Enhanced caseloads. The Master of the Ceremony was Director of SAE, Sal Gonzalez who opened the conference. Families and individuals in attendance were welcomed by our Executive, Director, Jesse Weller, followed by an introduction to two equity partners, Familias First and Access Nonprofit. The conference continued with an overview of services and the role of the Service

Coordinator, presented by Director of Client Services, Daniela Santana. The subsequent speaker was Aimee Delgado from the Office of Clients Rights who spoke on Client Rights. The conference continued with a parent panel, followed by a presentation by Daniel Ibarra, Manager of Appeals and Resolutions. Families were then provided lunch and given time to do some light networking. The conference continued with a presentation from LA Care on benefits, and concluded with a presentation by one of the Specialized Managers who shared on accomplishments of families in the Enhanced Caseloads. Families were then given time to network.

C. Staff Training to Maintain High-Quality Customer Service

SG/PRC believes that staff training regarding SG/PRC's mission, core values, and internal policies related to business communications and timely response improves overall satisfaction with SG/PRC's approach to meeting the needs of individuals served and their families.

Strategies — SG/PRC continues to offer opportunities for staff to improve overall satisfaction in meeting the needs and the families served through our Critical Issues Forum and internal staff trainings covering policies, generic resources, directives, and best practices.

Critical Issues Forum As previously mentioned, the SAE Department offered (6) Community Information Forum presentations and the topics were: On 7/25/24, Linh Lee, Employment Specialist provided a presentation on *Employment Services*, on 8/22/24, Nora Perez-Givens, Education Specialist provided a presentation on *Special Education—Terms to Know/Generic Resources*, on 2/27/25, Aimee Delgado from Office of Clients' Rights Advocacy provided a presentation on *What is Office of Clients' Rights*, on 3/27/25 Sal Gonzalez provided a presentation on *POS Expenditure Data for Fiscal Year 2023-2024*, On 5/22/25, Emmy Madrid from the *Disabled Student Program* and Christina Delgado from the *Impact Program* at Mt. SAC provided a presentation on the above mentioned college programs. Staff were encouraged to attend these community trainings in order to stay informed of the same information the community received.

Special Education Staff Trainings The Service Access and Equity Department also offered Special Education Trainings for staff to help them advocate during IEP's or on 504 Plans. The following were the (5) topics presented on: *Basics regarding Educational Matters*, *Understanding the IEP Document*, *Development of a Supportive IEP*, *504s vs. IEP - Which is best?*, *Special Education Timeline*. Approximately 88 Service Coordinators/Managers attended the Special Education Staff Training/during this fiscal year.

Cultural Trainings: During the 2024 Calendar year, DDS required for all Regional Center Employees to complete an in-depth & intensive Cultural Training. The SAE Team met with CircleUp Education to discuss the DDS training mandates and develop an 8-hour curriculum that would meet those mandates. SAE oversaw that all 500+ employees were assigned to in-person trainings in groups of 50 at a time and coordinated for CircleUp Education trainees to provide nine 2-hour sessions over the span of three days in addition to one virtual session as make-up session, for a total of 4 instances in this calendar year and ensured most if not all employees completed their 8-hour cultural trainings. The training provided several tools to support cultural competency, improving communication & relationships and values and norms.

The SAE Team continued to support the DDS efforts in ensuring all SGPRC staff receive in-depth & intensive cultural training. In 2025, efforts were focused on new and incoming SGPRC staff to ensure they too receive the detailed training and education. The SAE Team, in collaboration with the SGPRC Training Team, continue to work with CircleUp Education and provide at least three training courses per calendar year for new and incoming staff.

III. SG/PRC's Priorities and Plans Based on FY 2024-2025 Survey Findings

The FY 24-25 NCI results show that SG/PRC performs at or near the statewide average on most measures, and exceeds the statewide average on several, including overall satisfaction with services and supports (AFS: 44% “always” satisfied vs. 38% CA average) and the belief that services have made a positive difference in the life of the family member (consistently at or above the CA average across all three surveys). The results also identify two areas warranting focused attention, described below.

1. Provider Understanding of Disability-Related Needs (Health and Safety)

Across all three surveys, families and individuals reported at somewhat lower rates than the statewide average that their primary care providers, dentists, and mental/behavioral health professionals “always” understand their family member's needs related to their disability. This gap was most pronounced on the Family/Guardian Survey (FGS), where 44% reported their family member's primary care provider always understands their needs (vs. 49% CA average), 44% for dentists (vs. 49% CA average, with 29% responding “don't know” vs. 18% CA average), and 30% for mental/behavioral health professionals (vs. 35% CA average).

Strategies — SG/PRC will expand provider education through outreach efforts and educational material such as informational brochures, resource guides, and presentations, when possible.

Outreach and Community Presentations The SAE Department participated in more than 53 outreach events during FY 2024–2025. These events provided valuable opportunities for SAE team members to connect with community organizations and other service providers. These connections often developed into partnerships and led to opportunities for SAE staff to provide presentations and training to community organizations and their staff.

Examples of these outreach and presentation activities include:

- **January 15, 2025:** Sal and Josie presented to approximately 20 staff members at Pacific Clinics in El Monte. The presentation covered the Regional Center system, eligibility, services, and community trainings. Staff received copies of the Resource Guide, with plans for additional distribution
- **June 12, 2025:** The SAE Department joined Executive Director, Jesse Weller for a roundtable discussion with local law enforcement officers. In attendance were officers from Arcadia PD, Monrovia PD and Glendora PD. Discussions revolved around responding to calls for people with intellectual disabilities, continued collaboration between regional center, law enforcement and schools, interagency collaboration with the PET team, PMRT and MET Team.
- In 2025 the SAE Department continued expanding its pediatrician and physician resource directory in the Rowland Heights and Pomona cities. Outreach efforts included connecting with local medical offices and distributing resource guides to pediatricians and Pomona Pediatrics to increase awareness of our services and support for families.

2. Language Access and Cultural Responsiveness for Adults Not Living with Family (FGS Population)

The FGS population — families or guardians of adults who do not live with them — reported comparatively lower rates on several language-access and cultural-responsiveness measures. Sixty-one percent (61%) reported receiving a copy of their family member's Individual Program Plan (IPP) in their preferred language, compared to a 70% CA average (with 21% responding “no” vs. 16% CA average). Sixty-nine percent (69%) reported their family member's case manager/service coordinator always

supports them in a way that is respectful of their culture (vs. 75% CA average), and 67% reported that support workers always provide services in a culturally respectful way (vs. 72% CA average).

Strategies — SG/PRC will prioritize timely translation of Individualized Program Plan (IPP) documents and related planning materials into the five threshold languages: Chinese, Korean, Spanish, and Vietnamese. With 460 threshold-language translation requests, only 211 (46%) were completed within the required timeframe, while 249 (54%) were not met or were past due. To address this gap, SG/PRC will strengthen monitoring of translation requests and turnaround times, improve coordination between Service Coordinators, support staff, and translation providers, and establish a tracking process to identify overdue requests and support timely delivery. The team will also reinforce staff awareness of IPP translation requirements and review progress regularly to improve compliance with the 45-day timeframe for threshold languages and ensure individuals and families receive planning documents in their preferred language.

Ms. Tom, the above satisfies the requirements expressed in Welfare & Institutions Code Section 4571. This report, priorities, plans, and strategies will be posted on the SG/PRC webpage.

Ms. Tom, if you have any questions regarding this report or the plans within, please contact Salvador Gonzalez, Director of Service Access and Equity at sgonzalez@sgprc.org or (909) 710-8814.

Best Regards,

Salvador Gonzalez, M.A.
